

5. In 1920 the Constitution was finally amended to give women the right to vote. That did not, however, provide all women with the right to vote: In some states, many African American women (and men) had to pass tests in order to vote.

... but equal rights are still denied to women in many countries ...

LEG chp 9 Hw

Ex 30

- 1) For Centuries, Libraries have played an important role in the transmitting of cultural knowledge. Public libraries anchor many cities and even small towns.
- 2) Libraries house knowledge and information from large university institutions to tiny rare book collections. In the library of Congress, you can find over 32 million books and 61 million manuscripts...
- 3) The library of Parliament is located in Ottawa, Canada. It is known not only for its collection but for its architecture as well. This national landmark...
- 4) Seems okay??
- 5) The Seattle Central library's form and function are innovative, ...
